GOAT GLANDS AND BANJO BANDS

ENTERTAINING

THE TRUE STORY OF
DR. JOHN R. BRINKLEY
THE GREATEST AMERICAN CHARLATAN OF THE AGE

AS TOLD BY MASTER PERFORMER **DAVID HOLT** ENTERTAINER EXTRAORDINAIRE!

What do country music radio, Nazi's, the FCC, the American Medical Association, \$12 million depression dollars, goat glands and 16,000 pairs of gentlemen's family jewels have in common? The answer is Dr. John R. Brinkley, the goat gland king!

David Holt brings to life the amazing story of this country's most successful charlatan, Dr. John R. Brinkley who changed American culture forever. Born into poverty in the mountains of Western North Carolina in 1885, John Brinkley moved to Kansas where he purchased a questionable medical license and began implanting goat glands into impotent men. Before long, men were coming from all over the country, goats in tow, and Brinkley began making millions

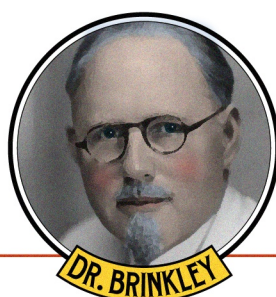

of dollars during the Great Depression. When he was booted out of Kansas, he ran for governor and won, almost. Moving to Texas he built the most powerful radio station in the world, the million-watt XERA, so powerful it covered the entire North American continent. It was this station that brought the nation the sounds of folk and country music for the first time and later raw blues and created the format for modern radio.

Enjoy true history, captivating storytelling, raucous humor, timeless music and vintage photographs as you follow larger-than-life John Brinkley's fantastic rise to his tragic end in a memorable evening with Grammy-winning entertainer David Holt.
